

Through the generosity of our communities on both sides of the bay, neighbors, friends and new acquaintances. Dutch Island Lighthouse now shines brightly on Narragansett Bay. Each donation, every gift of every size, has made a difference. The Light is proof of that ! It now signals the way for mariners entering and leaving our bay. Members of the Dutch Island Lighthouse Society have given time, energy, and their donations to transform a crumbling lighthouse at risk of the perils of the sea into a beacon of strength. We thank each of you for making this a reality.

It's now 14 years later and we need to refinish the exterior of the lighthouse once again and do some needed repairs on the metal work around the lantern room. Our goal this time is to raise 80 thousand dollars to cover the expense of this large job and we are asking for everyone to donate what they can. Every little bit helps.

Please make your check or money order
Payable to the Dutch Island Lighthouse Society.

Mail your donation and this form to :
